

WE SPEAK SERVICE

**MAINTENANCE
AND SERVICE**

GHH-BONATRANS
Pioneers of wheelset solutions

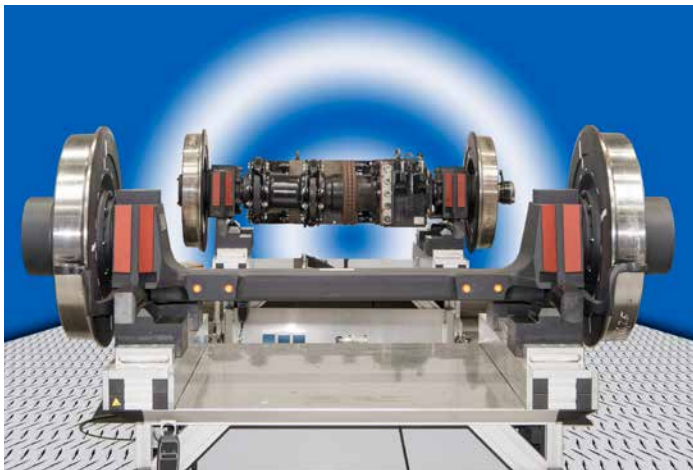

Revision and Refurbishment

As the manufacturer of the original equipment, we commit ourselves to supporting our customers during the entire lifetime of their products.

In this function, we are the technical partner and service provider for preventive and corrective maintenance. As a leading specialist for light rail application, we have become a major recognized partner for the municipal transit authorities to carry out maintenance and main revision of their vehicles.

Our range of services not only covers the exchange of wheel tires and various assemblies of components, but also the complete main overhaul of independent axle units and components thereof.

Service Provider for Light Rail Vehicles

Main revision of independent wheel axles

Refurbishment of EEF-Units

Exchange of wheel tires

Mounting of gearboxes

Replacing of spherical bearings

One Stop Shop

We also provide our services to train operators in the Heavy Rail segment by performing maintenance and overhaul of wheels, wheelsets and individual parts.

This includes a wide scope of tasks – reaching from the annual ultrasonic inspection over the exchange of wheels to the main revision of wheelsets in its full extent.

Moreover, our services are not limited to products originating alone from the GHH-BONATRANS group, but are rendered for products from all manufacturers and suppliers.

Service Provider for Heavy Rail Vehicles

Handling of bogies

Overhaul of wheelsets

Reprofiling of wheels

Ultrasonic inspection

Thermal spraying
